

Episode 21 Downloadable: 4 STEPS TO INTEGRATING JUSTICE40 GUIDANCE INTO TRANSPORTATION PLANNING

Why Do We Need to Consider Justice40?

Justice40 is a federal initiative with a goal that 40% of the overall benefits of certain federal investments flow to disadvantaged communities. Through Justice40, the US Department of Transportation (USDOT) will work to increase affordable transportation options that connect Americans to jobs, fight climate change, and improve access to resources and quality of life. As a result, the USDOT is incorporating components of Justice40 into Notices of Funding Opportunities for grants, guidance, and reporting requirements.
