

Stopping Threats on Pedestrians

PROGRAM OVERVIEW

FY 22-26 PROGRAM AMOUNT

\$25 million

PURPOSE

To implement bollard installation projects to prevent pedestrian injuries and acts of terrorism in areas used by large numbers of pedestrians.

ELIGIBLE PROJECTS

Any project where raised concrete or metal posts on a sidewalk adjacent to a roadway can be installed.

ADDITIONAL PROVISIONS

Project Description Description of the proposed bollard installation project.

Problem Description Description of the pedestrian injury or terrorism that exists in the area.

Mitigation Analysis Analysis of how the project will mitigate the given risks.
