5 STEPS TO PLANNING ANTI-DISPLACEMENT STRATEGIES FOR MORE EQUITABLE TRANSPORTATION SYSTEMS

Why Do We Need to Plan Anti-Displacement Strategies?

Transportation plans typically recommend projects that are intended to improve safety, reduce congestion, and provide mobility options. While such projects tend to have many positive effects, some projects can lead to gentrification and displacement of low-income residents. Therefore, we've prepared 5 steps to planning anti-displacement strategies for more equitable transportation systems.

5 STEPS TO PLANNING ANTI-DISPLACEMENT STRATEGIES

- 

Research and learn more about anti-displacement strategies to ensure better understanding of the tools.

01 STEP
- 

Discuss anti-displacement during conversations, meetings, and task forces regarding equity in transportation.

02 STEP
- 

Address gentrification, displacement, and potential anti-displacement strategies in community engagement efforts.

03 STEP
- 

Include social equity and anti-displacement as part of project prioritization.

04 STEP
- 

Recommend relevant and specific anti-displacement strategies in transportation plans.

05 STEP
