

Congestion Mitigation and Air Quality Improvement Program (CMAQ)

PROGRAM OVERVIEW

FY 22-26 PROGRAM AMOUNT

 Nation
\$13.2 billion

 Georgia
\$385 million

PURPOSE

Invest in projects that reduce congestion, improve air quality, and help meet requirements of Clean Air Act.

ELIGIBLE PROJECTS

-  Transportation projects that reduce emissions
-  Diesel retrofits, replacements and emission control
-  Electric vehicle charging and alternative fueling
-  Shared micromobility
-  Purchase of medium/heavy duty zero emission vehicles

ADDITIONAL PROVISIONS

-  **Rail and Transit Operating Assistance** Funds may be used for rail or transit operating assistance in association with certain CMAQ projects in certain areas.
-  **Equity** Requires prioritizing disadvantaged communities or low-income populations when obligating funds to reduce PM2.5 emissions.
