

Episode 1 Downloadable: 10 STEPS TO PLANNING FOR CONNECTED AND AUTONOMOUS VEHICLES (CAVs)

Why Do We Need to Plan for CAVs?

There are differing opinions as to when fully autonomous vehicles (driverless cars) will be on the market, let alone make up a significant share of cars on the road. But what we do know is that when they do, the way people live, work, and play will be transformed substantially. We've prepared 10 steps to plan for CAVs in long-range transportation plans required of metropolitan planning organizations and state departments of transportation.
